Guide £100 (Starting £60)

One day for 1 rod, fly fishing on the River **Penpont** and **Rose Park Fishery**, near Launceston, Cornwall with James Christoforou of the Westcountry Rivers Trust. The fishery is 2½ acres with a small resident population of wild brown trout and stocked rainbows and browns from 1½-6lb. The waters are generally clear and stalking with dries and small nymphs is very effective. The River Penpont beat is approximately 650 yards with wild brown trout and grayling and welcomes migratory fish through late summer. Best fished with nymphs during a spate when the river is rising or falling and large resident trout come out to feed. During lower waters, the dry-fly fishing can be tremendous, with no shortage of eager trout willing to take a fly. It is a small stream and a 0-4wt fly outfit is appropriate. Perfect for beginners or seasoned anglers. 15 March to 15 July or 1 September to 30 November 2023.

Lot 217 donated by Westcountry Rivers Trust

Guide £90 (Starting £50)

One day for 1 rod, guided fly fishing for brown trout, sea trout and salmon on the River **Camel**, near Bodmin, Cornwall, with James Christoforou of the Westcountry Rivers Trust. The Tresarrett beat is 1.2km of mixed bank fishing, known for its 6 holding pools which contain salmon and sea trout from May onwards. Spring and summer hatches are abundant from dawn till dusk with a wide variety of species, providing spectacular dry-fly sport for the resident brown trout. On cooler days, nymphing tactics will yield some fantastic specimens; fish over 12in are not uncommon. Best of the brown trout fishing is May to mid July and again in September. Sea trout fishing is best at night time, but the sea trout at Tresarrett are very susceptible to small nymphs and dries during the dying evening light and best later August to September. Salmon fishing is best during or after a spate when the river is rising or falling and fish are moving, however, during the low, clear summer flows, hitching or nymphing can be an incredibly effective method. Advisable to bring a light single-handed fly rod 2-4wt for trout and a heavier single-handed fly rod 6wt+ for migratory fish. To be taken in 2023, 1 May to 30 September for brown trout, sea trout and salmon or 30 September to 15 December for salmon fishing only.

This is a very different type of fly fishing experience, exploring a few locations on different rivers or several miles of a particular river depending upon conditions. The variety of water available makes this 3-mile-long beat ideal for practising a broad range of fly fishing techniques including dry-fly, nymphing methods, traditional North Country wet fly and tenkara. 2023 season.

Lot 377 donated by Sinnington Angling Club and Dave Southall

Guide £130 (Starting £80)

One day for 1 rod, guided by Dave Southall, on the Sinnington Angling Club's waters of the River **Seven**, for wild brown trout to about 14in and a few grayling to 16in. It is a small stream on the southern edge of the North York Moors and hasn't been stocked for 5 years. 7ft or 8ft, 2wt or 3wt rods are best and a wading staff and studded chest or waist waders are recommended as there is some limestone slab rock. 2023 season.

Gilling Beck sees little angling pressure (less than 15 days effort a year) and also benefited from some WTT river improvement work in summer 2022. This lot would suit a relatively fit fisher (the banks are steep and overgrown) who is prepared to wade quietly up predominantly shallow water, looking for fish with a short rod. Founded in 1887, the Club is the oldest in Nidderdale, and for many years, it has fished and managed four double-bank miles of the Nidd, centred on Darley, a village northwest of Harrogate. The water provides first class fishing throughout the year; trout in the spring and summer months, and, during the autumn and winter, some superb grayling fishing. The Club decided to cease stocking recently and with the help of WTT, focus on fostering our wild trout and grayling within the spawning tributaries and along the main river. By arrangement, 2023 season.

Lot 388 donated by Robin Crawshaw

Guide £100 (Starting £60)

One day for 1 rod on the Appletreewick, Barden and Burnsall Angling Club waters on the River **Wharfe**, accompanied by Robin Crawshaw, one of the Club's most successful anglers. Fishing for wild brown trout and an increasing grayling stock. Fish to 2lb+ are possible. Weekday in 2023 season.

Lot 391 donated by Stu Bamforth

Guide £100 (Starting £50)

One day's fishing for 1 rod on Yorkshire's largest freshwater lake, with Stu Bamforth. **Hornsea Mere** covers 467 acres with an average depth of 5ft – perfect for fly fishing for pike with floating lines and topwater 'popper' flies. The Mere holds good numbers of pike for which it is renowned rather than for big fish, which do occur occasionally. With a double-haul cast, or at least a single-haul, casting a large wind-resistant pike fly should not be a problem but you will be standing in a boat, casting all day with heavy gear so you need some stamina. To be taken April or May 2023. Due to its shallow depth, the Mere weeds-up to almost unfishable in summer, so early spring after the pike have spawned is best. Flexibility on date is needed as, if the wind is 14mph or more, boats are not allowed out. Rod, reels, flies and lifejackets will be provided.

Lot 392 donated by Catcleugh Angling Association

Guide £100 (Starting £50)

One day for 2 rods wild brown trout fishing including the use of a boat at **Catcleugh Reservoir**, near Carter Bar in northwest Northumberland. The trout average ½lb in weight but occasionally larger fish are caught. On a date to be agreed between 22 March and 30 September 2023.

As per Lot 393.

The Wear is England's second-best sea trout river with fish into the teens of pounds not uncommon. Date by arrangement before the end of September 2023.

Guide £70 (Starting £50)

An afternoon and evening for 1 rod fishing for wild brown trout on the River **Calder** with Tom Myerscough of the Wyre Rivers Trust. The Calder is a tributary of the River Wyre and it offers an as-yet-untapped source of excellent fishing for small wild brown trout. A small river so bring a 3 or 4wt rod, along with chest waders. You need to be a confident wader and adept at casting to reach the tricky places where the bigger fish can be found. A light repast will be included along with a short talk on the works which have been completed on the River Calder to date. To be taken by June 2023, weekdays only.

Lot 400 donated by Nidderdale Angling Club

Guide £70 (Starting £35)

One day for 2 rods fly fishing for wild trout and grayling on the upper River **Nidd** in the Yorkshire Dales. A beautiful upland river, peat-stained and with a good gradient that results in a variation of habitat with pools, riffles and glides and tree-lined banks. Lot 401 donated by York Tradesmen's Angling Association

Guide £40 (Starting £20)

One day for 1 rod fishing the **Isle Beck** system near Thirsk, North Yorkshire. A small overgrown stream with plenty of wild browns, you may also get grayling, chub, dace and some stocked browns. There is good fly life including Mayfly and the fish will respond to dries and nymphs but casting accuracy will be needed. A short rod (5ft to 6ft 6in preferred) and tall waders are essential on this challenging stream. A Club member will accompany you, act as ghillie and provide a packed lunch and drinks during your day. 2023 season.

Auction We invite you to participate in our 2023 Spring Auction (online and by post). The auction will be hosted on 'auction.wildtrout.org' with the lots visible from 1 March, bidding opening at 9am on 17 March and ending sequentially through the evening of 26 March 2023 from 4pm. To search for a specific lot, use the search facility and enter the lot number or select categories such as Books, Fishing in the North, etc. The exact closing time of each lot will be next to its description. The highest bidder for each lot at the end of the auction on 26 March 2023 wins that lot.

Bids Bidding on 'auction.wildtrout.org' works similarly to leaving 'commission bids' at a live auction. You place a bid for the most you are willing to pay for a lot and, if you are the winning bidder, you will pay the amount necessary to beat the next highest bid. For instance, if you bid £100 for a lot and the next highest bidder bids £50, you will only pay £55 for the lot, even though you placed a bid for £100. For this reason, it is not necessary to closely monitor or repeatedly bid once you have placed your maximum bid. If you place a bid and are later outbid by another bidder, you will be notified by email, so that you may consider whether you would like to increase your bid. Though many canny bidders may raise their offer in the last moments of the auction, reducing the time you have to counter.

The registration process is quite simple, and you will not be asked for any bank details or financial information. Once you are registered and have a User ID, you may place bids in the auction. You can view the current highest bid for any lot without registering.

Postal Bids We will accept sealed postal bids which we will place on your behalf. Your bid then works in exactly the same way as described above. Postal bids for identical amounts will be placed in the order received. Postal bids must be received at WTT office by 24 March 2023 latest (please allow 5 days): Freepost WILD TROUT TRUST (please do not write anything else on the envelope or attach a stamp).

Successful Bidders If you win the auction for a lot, you can pay instantly on 'auction.wildtrout.org' or over the phone to the WTT Office (023 9257 0985) from Monday 27 March, or by sending a cheque made payable to Wild Trout Trust to: Freepost WILD TROUT TRUST (please do not write anything else on the envelope or attach a stamp). The WTT will put you in contact with the donor of the lot so that you can make arrangements to take your lot. It is the buyer's responsibility to make contact with the donor – please do this as soon as possible after receiving the donor's contact details.

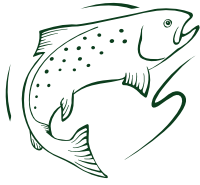

Second-Chance Offers If we do make a second chance offer by email it will only be sent from office@wildtrout.org. If you receive **ANY** contact from a different email address claiming to be from The Wild Trout Trust, it is fraudulent.

Important Note Please be reminded that offers should reflect the charitable nature of this auction – please bid generously and do not seek to acquire bargains! All lots must be taken during 2023 season unless otherwise stated. Lots may not be re-sold or transferred.

How will we spend the money raised in our Spring Auction?

Thank you all for supporting the Wild Trout Trust Spring Auction, whether you've generously donated a lot or taken part as a bidder. The money we hope to raise is crucial to what we do – it's our single most important fundraising event of the year.

Our work is for the conservation of our native, wild brown trout and all manner of other wildlife that shares the places where they live. Much of what we do is very practical, working with fishing clubs, landowners, other conservation groups and government bodies to improve trout habitat. We plant bankside trees, fence-off riverbanks, put wood and gravel in the river to create habitat, take down weirs and install fish passes so fish can move around freely to fulfil all the parts of their life cycle. This work will benefit not only fish but also a myriad of plants and animals living in and by the river.

Increasingly, through our website, social media, printed material and talks, we spread messages on trout conservation, and we work with sister NGOs to influence thinking on issues that impact our rivers and their trout, such as climate change, pollution from agriculture and the water industry and abstraction.

The auction funds play an important role in getting projects off the ground; crucially, the money raised is increasingly leveraging more funds from other sources. The auction also helps us to keep our hard-working team of Conservation Officers equipped with tools like chainsaws and waders for them and for the volunteers we help.

We will use wisely whatever money is raised; we keep overheads to an absolute minimum (for example, our staff all work from home) to maximise the amount we spend on practical improvement of habitat for wild trout. We run this auction on our own site, so costs are minimal, and we are blessed with fantastic volunteers who, like you, are vital to its success.

If you would like to chat about our auction or anything else to do with WTT, please do not hesitate to call or email Shaun Leonard on 07974 861908 (director@wildtrout.org) or Chrissy Bryant on 023 9257 0985 (office@wildtrout.org).

Thank you for supporting the work of the Wild Trout Trust.
